Dear Danny

**Re: BGE (NI) Proposed Code Modification Number 2**

firmus energy welcomes the opportunity to respond to the BGE (NI) Modification Proposal Number 2.

This is to confirm that firmus energy is satisfied with and supports the proposal for BGE (NI) to introduce an Interruptible Service consistent with that offered by the PTL Code.

This also confirms that firmus energy has no objections to the legal drafting of the BGE (NI) Transportation Network Code for the proposed Interruptible Service, as distributed for review on 20<sup>th</sup> December 2007

Yours Sincerely
