Biomethane plant details

Biomethane plant address:

Biomethane plant

Eircode or nearest Eircode:

Size/scale of biomethane plant

Potential maximum capacity to inject biomethane, if known:

Max hourly quantity of biomethane output in scmh
(standard cubic metre per hour)

 scmh

OR

Max annual quantity of biomethane output in GWh
(gigawatt hours per annum)

 GWh

Planning permission

Stage of planning: (Please tick appropriate box)

- Pre-planning
- Planning submitted
- Planning decision received
- Appeal process completed (with planning granted or refused)

Types of feedstock

(Please tick appropriate box)

What feedstock types and volumes do you plan on using (answers in tonnes per annum if available)?

<input type="checkbox"/>	Animal Slurry	<input type="text"/>	Tonnes/p.a. available
<input type="checkbox"/>	Forage (silage, multispecies)	<input type="text"/>	Tonnes/p.a. available
<input type="checkbox"/>	Other crops	<input type="text"/>	Tonnes/p.a. available
<input type="checkbox"/>	Commercial biodegradable materials	<input type="text"/>	Tonnes/p.a. available
<input type="checkbox"/>	Processing by products	<input type="text"/>	Tonnes/p.a. available
<input type="checkbox"/>	Other	<input type="text" value="Please specify"/>	<input type="text"/>
			Tonnes/p.a. available

Biomethane sales

(Please tick appropriate box)

Have you engaged with a biomethane off-taker (to sell the gas)?

- Yes
- No

What type of biomethane off-taker have you engaged with?

- Energy utility
- Corporate
- Intend on applying for a license as a gas shipper

Biomethane plant commissioning

When do you anticipate that your biomethane production plant will be commissioned?

Data protection

(Please tick to indicate consent)

- I consent to Gas Networks Ireland using this information to process my application and to contact me if required.
- Can Gas Networks Ireland contact you about biomethane developments in the future? Please tick this box to receive this information by email.
