Re: **Code Modification A063- Nominations, Imbalance Charges & Allocations**

Dear Sirs,

Vermilion refers to the above referenced document and to the presentation to the Code Modification Forum held on 24 September and at which attendees were requested to provide their opinions as to the sourcing of balancing gas and the required use of "Common Units" at Interconnection Points.

Vermilion is grateful to Gaslink for the constructive engagement with the industry on these matters. Vermilion has contributed in detail to the IOOA response being sent today to you by letter. Vermilion fully supports the IOOA letter.

Yours sincerely,

Henk Kreuze
