

Response from Shell Energy Europe on 4th September 2015

Dear Kieran,

Please note that Shell Energy Europe Ltd (SEEL) supports implementation of Code Modification A069, as proposed by IOOA. In particular, we –

- Believe this proposal will help facilitate a more equitable treatment of indigenous and imported gas with regards to exposure to the top-up element of system tariffs; and
- Support implementation at the earliest opportunity.

I trust you find these brief comments useful.

Regards

Amrik
