1. Review of minutes from last meeting

- Minutes of CMF meeting of [16 June 2019](#) were issued on 26 June 2019
- No comments were received

2. Review of open actions

ID	Action	Responsibility	Status	Priority
C567	Transporter to carry out development work on its Website to make it more user friendly for Shipper	Transporter	Open	Medium
C568	Transporter to carry out a review of its operational procedures in the event of system repair resulting in the issue of Restricted Capacity Day Notices to minimise Shipper supply restriction consequences	Transporter	Open	High
C571	Transporter to issue letters to Shippers indicating each respective credit position, issue Report to CRU, and settle each credit position through the Disbursement Account	Transporter	Open	High
C572	Transporter to monitor on ongoing basis the adequacy of the initial 25% Tolerance for RNG Entry Points	Transporter	Open	High

3. Update on maintenance activities

Maintenance Programme Gas Year 2018/2019			
Date	Duration	Entry Points	Commentary
7th March 2019	1	Bellanaboy	Station testing, valve check and validations at Cappagh South. Deferred and combined with September date.
9th May 2019	1	Inch	Odourant injection system planned maintenance. Deferred to 13 th August but not expect to interrupt flow
4th Jul 2019	1	Moffat	Station testing, valve checks and validations at Beattock and Brighthouse Bay compressor station. Complete ahead of schedule as no interruption to the entry point was required
12th Sep 2019	1	Bellanaboy	ESD testing at the Corrib Terminal. Combined with the Corrib operator shut-down

2019/2020 Maintenance Days

Maintenance Programme Gas Year 2019/2020

Date	Duration	Entry Points	Commentary
20 th May 2020	1	Bellanaboy	Station testing, valve check and validations at Cappagh South.
17 th June 2020	1	Inch	Odourant injection system planned maintenance. Deferred to 13 th August but not expect to interrupt flow
9 th Sep 2020	1	Bellanaboy	ESD testing at the Corrib Terminal (will be coordinated with the annual Corrib planned maintenance)

4. Brexit and ROI Gas Market

- Discussion with Revenue in relation to post-Brexit Natural Gas Customs Declarations

5. Code Mod A087- New Framework for Suppliers in PPM Market

- On 21st November, 2018 the CRU issued instruction approving A087 and implementation of a new framework.
- A working group has been established to discuss and analyse the impacts of the proposed solution and develop the appropriate regulatory framework and procedures, implementation plan and system changes to ensure the proposed solution is implemented.
- First Meeting of Workgroup on 20 June with second Meeting scheduled for 15th August
- Cod Mod related requirements will be brought to the Cod Mod forum as required.

6. A096 – Data Sharing Agreement

- Transporter Proposal – To provide for an updated data sharing regime between Transporter and Shippers to comply with provisions of Data Protection Act 2018 (implementing the General Data Protection Regulation (GDPR) (EU) 2016/679)
- Transporter has consulted with Industry on the provision through the GMARG and Code Modification Fora particularly in relation to an amended Clause 9 (Confidentiality and Data Protection) of Part I (*Legal and General*) of the Code of Operations
- Several joint GMARG and CMF teleconferences convened 12/04 & 30/04
- Multiple revisions of drafting, Shipper comments
- At Code Mod on 12/06/19 GNI was asked to submit a paper to the CRU
- That paper was submitted to the CRU and has been circulated to industry

6. A096A – Model Clauses to address a Hard Brexit

- Proposed amendment to Code of Operations to provide for the transfer of personal data between the Transporter and Shippers based outside the European Economic Area (EEA) through the introduction and application of Model Clauses under a Model Clause Procedure.
- This Modification is being introduced in parallel to Code Modification Proposal A096 which proposes to revise the data protection provisions in the Code, particularly in light of the Data Protection Act 2018 (implementing the General Data Protection Regulation (GDPR) (EU) 2016/679).
- Proposed that this Modification will come into effect on or before 31 October 2019 ahead of the possible date of a hard Brexit

7. Code Modification A097 – Amendment of Final Allocation Date

- Awaiting CRU direction

8. Code Modification Proposal A098 – Reduction of Capacity Overrun Multipliers

- Awaiting CRU direction

9. Status of Code Modification Proposals

Number	Title of Proposal	Proposer	Status
A087	New Framework for Suppliers in PPM Market	GNI	Live/ Implementation process review
A096	Data Sharing Agreement	GNI	Live/Consultation
A096A	Model Clauses to address a Hard Brexit	GNI	Live/Consultation
A097	Amendment of Final Allocation Date from D+5 to M+5	GNI	Live/ Legal Drafting
A098	Reduction of Capacity Overrun Multipliers	GNI	Live/Legal Drafting

10. Shrinkage Gas Report

- Discussion on Report
- Future reporting requirements arising out of CRU decision on Tariff Network Code
- Future procurement strategies for Shrinkage Gas
 - Existing annual tender
 - Marex Spectron IBP Forward (Annual, Seasons, Months)
 - Marex Spectron Spot
 - Other?

11. Gas and Electricity Interactions

- Discussion

12. ANY OTHER BUSINESS

Code Modification Forum Meetings in 2019
