Dear Aidan

Re: BGE (NI) Code Modification Proposal 1

Thank you for your submission of the Final Modification Report in respect of the above named modification.

The Northern Ireland Authority for Energy Regulation (NIAER) has reviewed the report and concludes that it would better facilitate the “relevant objective” as defined in your gas conveyance licence.

Accordingly, and as required by Section 10 of your Transportation Network Code Modification Rules, NIAER now instructs BGE to implement the proposed modification with effect from 17 February 2006.

Yours sincerely

Dermot MacCann
For and on behalf of NIAER
