Ireland

15 February 2006

Dear Aidan

Re: BGE (NI) Code Modification Proposal 2

Thank you for your submission of the Final Modification Report in respect of the above named modification.

The Northern Ireland Authority for Energy Regulation (NIAER) has reviewed the report and approves your request for a revision of the timescales. NIAER agrees to a revised proposed implementation date of 1 October 2006.

Please note that NIAER is not yet granting approval of this modification. Draft changes to the Transportation Network Code (the Code) have still to be put forward, and until such drafting is available NIAER is not in a position to grant approval of this modification. It is assumed that draft changes to the Code will be circulated to relevant parties in accordance with the Code Modification Rules later in the year.

I trust this instruction is clear. Please feel free to contact Brian McHugh if you have any queries.

Yours sincerely

Dermot MacCann
For and on behalf of NIAER
