**Salary:** Competitive

**Duration:** Permanent **Ref:** GNI036

---

Gas Networks Ireland operates and maintains Ireland's €3bn, 14,758km national gas network, which is considered one of the safest and most modern renewables-ready gas networks in the world.

Almost 720,000 Irish homes and businesses trust Ireland's gas network to provide efficient and reliable energy to meet their heating, cooking, manufacturing and transport needs.

The gas network is the cornerstone of Ireland's energy system, securely supplying more than 30% of Ireland's total energy and over 40% of the country's electricity generation.

Gas Networks Ireland is aiming to deliver a repurposed, resized and fully decarbonised gas network by 2045. Its "Pathway to a Net Zero Carbon Network" envisions transforming the existing gas network into two separate systems carrying 100% renewable gas, one dedicated to biomethane and the other to green hydrogen, with the potential to carry approximately 30% biomethane and 70% green hydrogen, as well as offering significant long term energy export opportunities.

Gas Networks is an organisation with a very strong legacy and a culture founded on pride in our purpose, to keep Irelands energy moving, and commitment to our vision, to be at the heart of Irelands energy future. Our organisational values demonstrate what is important across the organisation including building on our experience across our organisation to build towards our sustainable future, doing what's right for each other and for the people and communities that we serve and finally energised for the change of our future towards a renewable energy landscape. Throughout your career in Gas Networks Ireland, you will be part of an organisation that has a strong commitment to supporting and developing our workforce today and into the future. You will also have an opportunity to get involved in our ambitious iBelong programme ensuring a diverse, equitable and inclusive environment for us all to thrive. Finally, our Time to Talk Mental Health programme and our wellbeing initiatives ensure we provide support across many areas as you work in our organisation.

---

### **The Role:**

The IT team within Gas Networks Ireland is an integral part of the business providing operational, and customer-focused IT services. These services include solution delivery, service management, and infrastructure & operations management. These services are provided through a combination of in-house resources and external service providers.

Reporting to the WAM Applications Lead and working as part of the WAM Applications Team, the WAM Applications Analyst will help with the IT operation and support of WAM applications and the delivery of changes to those applications. The main systems falling under the remit of the WAM Applications Lead role include IBM Maximo, Naviam Fingertip, Click Scheduler, Trimble Unity, Microsoft Dynamics CRM and other miscellaneous applications.

## **Duties and Responsibilities:**

---

- Work collaboratively as part of a team of application specialists, supporting the WAM Applications Lead as required.
- Assist with the day to day operation of applications under the team's remit and help to optimise their operation so that they run effectively and smoothly.
- Assist with the resolution of day to day incidents across applications under the team's remit and help to ensure that critical incidents are given appropriate focus and urgency.
- Assist with remediation of short, medium and long term problems across applications under the team's remit and help to ensure that critical problems are given appropriate focus and priority.
- Assist with the delivery of changes to applications under the team's remit and help to ensure that the delivery of key changes are given appropriate focus and priority.
- Assist with the analysis, design and testing of the changes to applications under the team's remit.
- Build up a deep understanding of how applications under the team's remit are used to support key business processes.
- Participate in IT project teams as necessary and work with external resources and service providers as required.
- Provide out of hours cover on a standby rota basis as required.
- Other duties as required from time to time.

## **Knowledge, Skills and Experience:**

---

- Relevant third level degree or equivalent is required.
- At least 3 years relevant or equivalent experience is required.
- Experience of supporting IT applications would be an advantage.
- Experience of delivering changes to IT applications would be an advantage.
- Experience of functional testing of IT applications would be an advantage.
- Good analytical skills and the ability to analyze problems and identify solutions.
- Good communication skills and the ability to influence effectively.
- Ability to deal with a variety of stakeholders across a large organization.
- Ability to work as part of a team or individually as required.
- Ability to create and develop good working relationships to accomplish work goals.
- Ability to identify improvement opportunities.
- Ability to set own high standards of performance and deliver desired results.

**Applications, including current Curriculum Vitae, should be emailed to the following address stating the job title and reference number in the subject line of your email:**  
[recruit@gasnetworks.ie](mailto:recruit@gasnetworks.ie)

The closing date for receipt of applications for this vacancy is the 12<sup>th</sup> of February 2026.  
Please note that applications submitted after this closing date will not be accepted.

**Gas Networks Ireland is an equal opportunities employer**

***We are committed to providing a diverse and inclusive place of work and have a robust strategy and framework called ibelong to enable this. We are an equal opportunity employer and through our recruitment process we welcome and encourage applications from interested and suitably qualified individuals regardless of gender, age, racial or ethnic origin, membership of the traveller community, religion or beliefs, family or civil status, sexual orientation/gender identity or disability.***
