To promote the use of CNG and BioCNG as a fuel in Ireland, and with a view to ensuring the ongoing sustainable utilisation of the gas network and the competitiveness of gas as a fuel, GNI, in conjunction with or with support from the Department of Climate, Energy and the Environment ("**DCEE**"), has agreed to provide the Grantee with the Grant on the terms and conditions set out in this Agreement.
- C. This agreement incorporates the attached General Terms and Conditions and the Application (as defined below) (together the "**Agreement**").

### The GRAZE Vehicle Grant Scheme:

The GRAZE Vehicle Grant Scheme is intended to support the deployment of dedicated CNG Vehicles across a range of industry segments within the Irish transport sector. The amounts awarded under the GRAZE Vehicle Grant Scheme are intended to contribute to the marginal cost of purchasing a new dedicated CNG Vehicle over the equivalent diesel-fuelled vehicle.

For the purposes of EU rules on State aid, GNI will pay Grants under the GRAZE Vehicle Grant Scheme as de minimis aid under Commission Regulation (EU) 2023/2831 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid ("**De Minimis Regulation**").

The segments identified for support and maximum funds allocated to each vehicle type are detailed in Table 1 below. These maximum amounts are subject to the ceiling of €300,000 per each enterprise over a three-year (36 month) period, as specified in the De Minimis Regulation ("**de minimis ceiling**").
